

Faculty AI Enablement Programme Course Table

A seventy-hour blended programme in eighteen modules. Track A carries a thirty-hour common core and a twenty-hour stream layer delivered live; Track B is a twenty-hour self-paced AWS AI Skill Builder pathway running in parallel.

DURATION	MODULES		CALENDAR	COHORT	EXAM WINDOW	
70 hours	18 across 3 bands		8 weeks blended	40–60 core, 30 per lab	9–12 weeks	
MASTER COURSE TABLE						
CODE	MODULE		HOURS	MODE	WEEK	
TRACK A — THE COMMON CORE						30 HOURS
01	C1	AI Literacy & the Landscape What AI does well, badly, and not at all.	4	Live	1	
02	C2	Generative AI Tools & Prompt Craft Role, context, task, format, constraints.	6	Live	1–2	
03	C3	Teaching, Content & Course Design Syllabus to a full week of teaching material.	6	Live	3	
04	C4	Assessment, Evaluation & OBE Question banks, rubrics, CO–PO, integrity redesign.	4	Live	4	
05	C5	Research, Writing & Supervision Literature synthesis, ethics, PG supervision.	4	Live	5	
06	C6	Responsible AI, Integrity & Policy Hallucination, bias, DPDP duties, policy drafting.	3	Live	5	
07	C7	Academic Administration Circulars, accreditation evidence, result analytics.	3	Live	5	
TRACK A — THE STREAM LAYER						20 HOURS
08	S1	Domain landscape and use cases Stream-specific.	3	Live	6	
09	S2	Domain tools — hands-on lab Stream-specific, 1:20 ratio.	6	Live lab	6	
10	S3	Curriculum integration and pedagogy Stream-specific.	5	Live	7	
11	S4	Practice alignment and employability Stream-specific.	3	Live	7	
12	S5	Capstone — build, review, present Graded; pass at satisfactory or above.	3	Live	8	
TRACK B — AWS AI SKILL BUILDER						20 HOURS
13	A1	AWS cloud grounding	3	Self-paced	1	
14	A2	AI & ML foundations on AWS	4	Self-paced	2	
15	A3	Generative AI & foundation models Clinic 1 runs in week 4.	5	Self-paced	3–4	
16	A4	Responsible AI, security & governance	3	Self-paced	5	
17	A5	Builder Labs, Cloud Quest, Jam	3	Self-paced	6–7	
18	A6	Official Practice Exam + SFJ clinic Clinic 2 runs in week 8.	2	Self-paced	8	
Programme total			70	18 modules	8 weeks	

EIGHT-WEEK BLENDED CALENDAR

WEEK	LIVE — TRACK A	SELF-PACED — TRACK B
1	C1 · C2 begins	A1
2	C2 completes	A2
3	C3	A3 begins
4	C4	A3 · clinic 1
5	C5 · C6 · C7	A4
6	S1 · S2	A5
7	S3 · S4	A5
8	S5 capstone	A6 · clinic 2
9–12	—	AWS exam window

A standardised skeleton. The same five-module stream structure runs in every stream, so delivery, assessment and certification stay standardised while the domain content changes entirely.

DELIVERY AND CERTIFICATION

PARAMETER	STANDARD
Sessions	Saturday sessions plus one weekday evening on alternate weeks
Cohort size	40–60 for the core; maximum 30 per stream lab
Hands-on ratio	1:20 in hands-on sessions
Attendance	80% minimum
Score	60% minimum aggregate
Capstone	Graded satisfactory or above
Certificate	Jointly branded with your institution, carrying the 70-hour notation for HRDC, API and CAS where institutional rules permit
AWS exam	Passing the AWS exam is not a condition of SFJ certification — completing Track B and sitting the Official Practice Exam is

The institutional pathway. AWS Academy gives member institutions free, ready-to-teach curriculum. The step that stops most colleges becoming members is the requirement that educators hold an AWS certification before accreditation. This programme clears that step as a by-product: faculty finishing Track B arrive at the accreditation gate already certified, and students completing an Academy course receive twelve months of free AWS Skill Builder access.
